

PARENT PAYMENT POLICY AND IMPLEMENTATION

Eastwood Primary School

PURPOSE

To ensure that parent payment practices are consistent, transparent and ensure that all children have access to the standard curriculum.

RATIONALE

The Victorian community shares a vision to build an education system that champions excellence and ensures that every child and young person has access to the opportunities to succeed in life, regardless of their background or circumstances.

Schools are best placed to make local decisions which ensure that all students can access a broad range of learning opportunities that support their expectations and promote their aspirations as they move through the education system. Parent contribution, in all forms, assists schools to provide an enriched learning and teaching program for every student and is highly valued by school communities.

Learning and teaching programs vary across schools based on local needs and circumstances and reflect each school's priorities, decisions and resources. This, in turn, informs the parent payment charges approved by school councils that may vary from one school to the next.

WHAT CAN SCHOOLS CHARGE FOR?

The Education and Training Reform Act 2006 provides for instruction in the standard curriculum program to be free to all students in government schools. School councils are responsible for developing and approving school-level parent payment charges and can request payments from parents¹ under three categories only- Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Essential Student Learning Items are those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and which students take possession of. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.

Optional Items are those items, activities or services that are offered in addition to or support instruction in the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them.

Voluntary Financial Contributions

Parents can be invited to make a donation to the school for a general or specific purpose, e.g. school grounds projects, library fund or for new equipment. Only some Voluntary Financial Contributions are tax-deductible.

¹ Parent' in the policy has the same meaning as in the *Education and Training Reform Act 2006*, which is: 'parent', in relation to a child, includes a guardian and every person who has parental responsibility for the child including parental responsibility under the *Family Law Act 1975* of the Commonwealth and any person with whom a child normally or regularly resides.

The attached diagram "Understanding Parent Payment Categories" provides examples of items and materials under each category.

In implementing this policy, schools must adhere to the following principles:

PRINCIPLES

- **Educational value:** Student learning, aspirations and wellbeing are paramount when schools determine their parent payments practices
- **Access, equity and inclusion:** All students have access to the standard curriculum program and participation of all students to the full school program is facilitated
- **Affordability:** Cost to parents is kept to a minimum and is affordable for most families at the school
- **Engagement and Support:** Early identification and engagement strategies by the school ensure parents are well informed of the payment options and supports available for those experiencing hardship
- **Respect and Confidentiality:** Parents and students experiencing hardship are treated with respect, dignity, sensitivity and without judgement and the identity and personal information of all parents and students are kept confidential in respect to parent payments
- **Transparency and Accountability:** School parent payment practices are well communicated, clear and transparent and their impact on student programs and families are reviewed by school councils

COST AND SUPPORT TO PARENTS

When school councils consider the proposed requests for parent payments the cost is kept to a minimum and is affordable to most parents at the school.

School principals must ensure that:

- items students consume or take possession of are accurately costed
- payment requests are broadly itemised within the appropriate category
- parents are advised that they have the option of purchasing equivalent Essential Student Learning Items themselves, in consultation with the school
- information on payment options is available, accessible and easily understood to all parents so that they know what to expect and what supports they can access
- parents are provided with early notice of annual payment requests for school fees (i.e. a minimum of six weeks' notice prior to the end of the previous school year). This enables parents to save and budget accordingly.
- parents are provided with reasonable notice of any other payment requests that arise during the school year- ensuring parents have a clear understanding of the full financial contribution being sought
- the status and details of any financial arrangements are kept confidential and only shared with relevant school personnel
- parents experiencing hardship are not pursued for outstanding school fees from one year to the next
- use of debt collectors to obtain outstanding school funds owed to the school from parents is not permitted
- there will be only one reminder notice to parents for voluntary financial contributions per year

- Invoices/statements for unpaid essential or optional items accepted by parents are not generated more than monthly or according to the parent payment arrangement with the school.

SUPPORT FOR FAMILIES

Families may experience financial difficulties and may be unable to meet the full or part payments requested. Principals and school councils exercise sensitivity to the differing financial circumstances of students and their families when considering parent payment fees. There are a range of support options available to support and assist parents. These can be accessed through [“Cost support for families.”](#)

Consideration to hardship arrangements in respect to payment requests is provided to families experiencing long term hardship or short term crisis on a confidential, case by case basis. All schools have written hardship arrangements that include a proactive approach to providing support for parents experiencing financial difficulty.

All parents are provided the name and contact details of a nominated parent payment contact person at the school who they can discuss payment arrangements with.

ENGAGING WITH PARENTS

In respect to each school’s development of its parent payments, school councils will engage in effective communication with the school community and have strategies in place to ensure they are aware of and understand the needs and views of parents.

REVIEW OF POLICY IMPLEMENTATION

Schools will monitor the effectiveness and impact of the implementation of this policy at least annually as part of its ongoing improvement and report back to the school community.

The full Parent Payment Policy is available from the Department’s [School Policy and Advisory Guide](#).

Understanding Parent Payment Categories

Schools

What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

What principles govern parent payment practice?

Educational Value | Access, Equity & Inclusion | Affordability

Engagement & Support | Respect & Confidentiality | Transparency & Accountability

Parents

What may parents be asked to pay for?

Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

Items the student takes temporary or permanent possession of

- e.g.
- textbooks, activity books, exercise books
 - stationery, book bags
 - student ID cards, locks
 - cooking ingredients students will consume
 - materials for final products that students take home (technology projects, build-your-own kits, dioramas)
 - Picture Exchange Communication Systems

Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
- excursions
 - incursions
 - school sports
 - work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

Items the student purchases or hires

- e.g.
- school magazines, class photos
 - functions, formals, graduation dinners
 - materials for extra curricular programs
 - student accident insurance

Activities the student purchases

- e.g.
- fees for extra curricular programs or activities, such as instrumental music tuition
 - fees for guest speakers
 - camps, excursions, incursions, sports
 - entry fees for school run performances

Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
- use of silver in metal work instead of copper
 - supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.

Schools can invite **Voluntary Financial Contributions** for

- e.g.
- Building or Library fund (Tax deductible)
 - Voluntary contributions for a specific purpose, such as equipment, materials, services.
 - General voluntary contributions

Parent Payment Policy

Parent Payment Charges

There are three categories of Parent Payments which include:-

- **Essential Education Items** – The Staff, Principal and School Council prepare for the provision of an adequate supply of working materials for each area of learning every year. All items are purchased in bulk and this has benefits due to the considerable savings made by buying this way. Items purchased include the student supply pack, classroom stationery and learning resources and specialist materials required for art, music, sport, science and technology.

Parents may choose to provide equivalent materials themselves, this must be done in consultation with Eastwood Primary School, and items should meet the specifications provided by the school. There are some items (e.g. food provisions for kitchen garden cooking program) that, due to their nature, can only be provided by the school

- **Optional Extras** – These are items or services that are offered in addition to the standard curriculum. Students may access these on a user pays basis and include such items as school magazine, extra-curricular activities (e.g. instrumental music tuition), and entry fees to school based performances, productions and events.
- **Voluntary Contributions** – Parents, or anyone else, are invited to make a contribution or donation to the school for:
 1. Ground
Maintenance – to ensure the maintenance of our grounds is kept at a high standard.
 2. Tax
Deductible Build Fund – Eastwood Primary School is endorsed as a deductible gift recipient by the Australian Taxation Office. Any donations to this fund will be used for the purchase of items to fully fit out the learning environment for students to enjoy.

PAYMENT ARRANGEMENTS AND METHODS

There are several payment methods available which include:

- Compass using credit card (also includes an instalment plan)
- direct to the school by credit card, eftpos, cheque or cash.

FAMILY SUPPORT OPTIONS

There are several family support options available which include:

- A second hand uniform shop which operates in the school.
- Camps Sports & Excursions Fund (CSEF). Available to families who hold a Health Care Card. Applications are invited from parents/guardians at the beginning of every school year.
- State Schools Relief. Applications can be made via the school for the purchase of uniform items

CONSIDERATION OF HARDSHIP

For parents/guardians who are experiencing hardship and may have concerns regarding payment of fees including the cost of camps, excursions or incursions, are invited to contact the Principal, Rukshana Verzijl by phoning 9870 6103, in writing or requesting a meeting to discuss alternative arrangements. This will be strictly private and confidential.

COMMUNICATION WITH FAMILIES

- The Parent Payment Policy will be available to view on the schools website (www.eastwood.vic.edu.au) or a copy is available on request from the office.
- Parents/Guardians are invited to raise any issues they may have or make general inquiries about charges or fees to the Principal, Rukshana Verzijl by telephoning 9870 6103, in writing or arranging a meeting at a suitable time.
- The Newsletter (Epsilon) includes timely and relevant information on the family support options that are available.

MONITORING AND REVIEW OF THE IMPLEMENTATION OF THE POLICY

- It is the responsibility of the school council to monitor the implementation of the Parent Payment Policy each year taking into account all issues and difficulties that may arise or be raised by a concerned member/s of the school community. Discussion will be held at School Council meetings as required resulting in the policy being updated to reflect these concerns.
